Vendor / Exhibitor Drop-Off Map

- **Registration.** At your drop-off, look for the official-looking person with the clip-board. They will check you in, confirm your order and assign volunteers to help you as needed.
- **Unloading.** You share a 30-minute unloading window with 30-40 others. Please be on-time and quick. [You are welcome to come before 8:00 am, but we may not have a full contingent of volunteers to assist you.]
- **Safety.** Remain with your vehicle at all times during unloading. Everyone will be passing through a fire lane used by the fire department. Don't block it! They won't take it kindly.
- **Parking.** We have identified two nearby parking lots on the map. Each is within 2-3 blocks.
- **Deadline.** All vehicles must be cleared from the festival grounds by 10:30 am. None will be allowed after that under any circumstances.
